Description

A frequently requested low insurance group Mini One 1.5 petrol manual 3 door hatch with the Media pack upgrade and further extras. Offered with eight Mini dealer workshop service visits recorded and one former keeper listed on the V5C registration document. Finished in Chilli Red with Carbon Firework fabric upholstery. The 1.5 petrol engine fitted in the Mini One models from 2017 onwards produces 102bhp from the three cylinder twin turbo unit, the lower power output reduces the insurance group down to the same level as the former 1.2 model that it replaced, making it a perfect candidate for young or new drivers where insurance costs are critical.
